

HOMER COUPLE DIE IN AUTO ACCIDENT

FRANKFORT PTA TO INSTRUCT
CHILDREN IN SQUARE DANCESSpecial Services
At Baptist Church

Calvary Baptist Church, Lincoln Estates, Frankfort, the Rev. William N. Kerr, pastor, again extends a most cordial welcome to all to attend the meetings during Evangelism Week and partake of the inspiration, spiritual uplift and renewal of faith.

The meetings are under the spiritual leadership of the Rev. Donald Forbes, of the Fairfield Baptist church, Chicago, and formerly of Kewanee Baptist.

Tonight has been set aside as Young People's night and a message for young people will be the subject of the Rev. Forbes.

The song service will be enhanced by the presence of the Fairfield Baptist quartet, a talented, melodious aggregation from the visiting pastor's church.

Friday has been designated as Sunday school night. The various classes will attend in groups and the Rev. and Mrs. Stuart Brightwell, who so pleasantly and ably handled the spiritual direction of the church during the pastor's vacation-study tour of the Holy Land, will be present and will sing. Both are musically gifted.

There will not be a meeting Saturday.

On Sunday the Rev. Forbes will speak at both the morning and evening services. This closes the Evangelism series and an inspiring service is in prospect, judging from attendance at previous meetings.

A special choir composed of men and women of the church will provide the musical portion of the program.

All the meetings open at 8 p.m. with the exception of the Sunday morning gathering, which is 11 o'clock.

CHURCH GROUP
TO GIVE BARN
DANCE SEPT. 29

The Holy Name society of St. Mary's Catholic church in Mokena is sponsoring a barn dance. It will be held Saturday evening, September 29, in the Marion Owen's farm barn, located 1/4 mile west of Mokena on route 30. Dancing will start at 9 p.m., for which a good orchestra and caller has been engaged.

The dance is being given for the benefit of the St. Mary's parochial school in Mokena, where 80 pupils are being instructed.

On the committee planning the dance is Leo J. Marcoux, chairman; William Schmidt, Ray Hoolehan, James Marti, Joe Henneberry and Joe Barnardi. They are extending a cordial invitation to everyone any where to attend the dance where they will assure all a good time.

Death Takes Mrs.
Rachel Slagle

Last rites for Mrs. Rachel Slagle, formerly of Frankfort, who died Saturday in Chicago, was held in Chicago Tuesday. Mrs. Slagle's death was sudden. The Slagle family lived in Lincoln Estates for 11 years, moving to Frankfort where they lived one year. Eight years ago she moved to Chicago. While in Frankfort, Mrs. Slagle was the proprietor of an ice cream store.

Surviving are her daughter, (Jane) Mrs. Grant Geuther, and a son Robert and four grandchildren.

The PTA of Frankfort is trying to revive interest in the old-fashioned square dance, which contributed so much to the general enjoyment a few decades ago. It is their opinion that this will be of material aid in bringing children closer to their parents in terms of sociability, and lessen the temptations which draw so many of our youth from the straight and narrow.

It is planned to launch the first square dance of this program on Wednesday evening, October 3rd, at 8:00 p.m. If this proves a success others will follow, and it is hoped the innovation will become a matter of regular procedure.

Mrs. Hershel Patterson is chairman of the PTA square dance idea, and Mrs. Franklin Christianson is in charge of public relations.

Caller in charge will be Mr. Ruff Hartley, of the Hartley Cleaner Co., Joliet, who will instruct in the square dance. Mr. Hartley is a well known square dance caller and instructor.

A nominal admittance charge will be asked of adults, but all children attending any grade school will be admitted free.

This is not a money-making venture; the central idea is to create a closer bond of sociability between children and their parents, as well as to teach children ballroom and square dancing. And, as Mrs. Patterson pointed out, to get the old daddies out of their easy chairs.

This will be the first social event for this current PTA season. The dance will be held in the Frankfort public school gymnasium.

Frankfort Man In
Auto Accident

It was about 9 o'clock in the morning and when he came to 101st street and route 45, he lost control of his car and headed into a tree. It was fortunate the tree caught him otherwise he would have gone into a steep ditch. His car, a 1941 Dodge sedan, was a total wreck. His nephew towed the car to his garage at Oak Lawn and the state police Dr. J. Lambert of Frankfort was called to attend him. He had received injury to his leg, chest and head.

Mr. Kerr has worked at his place of employment for the past seven years.

MOKENA VFW
FESTIVAL A
GOOD SUCCESS

The first annual harvest festival sponsored by the William Martin Post No. 725, VFW, held last Sunday was a good success. The lateness of the season did not effect its success and there were many excellent farm products displayed.

On the grounds of the hall children enjoyed pony rides and the other activities. Prizes were given to children in a cracker eating whistling contest.

Tony Alvarado, with his circus troupe, entertained with some new acts and Tony demonstrated tight wire performance which was greatly enjoyed by all.

Later in the evening there was square dancing.

Prizes given in the farm product display were: Albert Lorenz, Orland Park, longest ear of corn; John Kohl, Orland, heaviest ear of corn; James Tilsy, tallest corn stalk; Jerry Daugherty, best and largest pumpkin; Walter Hentsch, best and largest potato; Louis Lauffer, best and largest cucumber; Jerome Daugherty, Mokena, tallest soybean stalk; Henry Tilsy, Orland, best oats; Sass Bros., Lockport, best wheat; Herman Konow, Lockport, best buckwheat; Bliss Kruspe, best tomato and Mrs. William Schuldt, Mokena, bitter-sweet.

The post is planning to give a series of square dances with a dance at the first Saturday of each month.

FIVE INJURED
WHEN CAR HITS

Enroute home from a trip to St. Louis, five people were injured, two of them seriously, at six a.m. Monday, when their Plymouth automobile rammed into the Wabash railroad's north-bound "Midnight Flyer," about two miles east of Schragge's Corner, at routes 6 and 7, several miles north of Mokena.

All were taken to the Oak Forest infirmary, where James Baker, 28, 301 Monroe street, Gary, driver of the car, was pronounced in serious condition.

Also reported in serious condition was Michael Fazekas, 13 month old son of Fred and Dorothy Fazekas, of 2750 DeKalb street, Gary. Three occupants of the car escaped with only minor cuts and bruises.

The auto hit the third car in back of the engine, and was almost completely demolished, as it was hurled into a flasher signal box, which was uprooted by the impact.

Attending the groom was Melvin Dralle, as best man, and Calvert Heath and Gerald Koehler were ushers. They wore white dinner jackets and dark trousers.

Mrs. Maria Dawson was accompanied by Miss Carolyn Krapf on the organ when she sang, "I Love Thee", "Heaven Only Knows" and "The Lord's Prayer".

The bride's mother wore a gown of dark aqua crepe with brown accessories and the groom's mother wore teal blue with gray accessories. Each had a white carnation corsage.

Last Friday afternoon, Mr. and Mrs. John Bernard Vos, of Homer township, and son Gerald James, were on their way to visit another son, Robert, who is attending Illinois university, at Champaign, when they met with a tragic accident.

Approaching the single track of the Illinois Central railroad, near Danville, they did not, for some reason, see the oncoming train until too late. Mr. Vos tried to avoid it, but was struck by the train. The occupants of the car were thrown into a ditch, Mr. Vos being killed instantly, and his wife died enroute to a Danville hospital.

James, 10 years of age, was probably saved from death by crouching between the auto seats when they saw they were about to collide with the train. He suffered a serious elbow and finger, and crushed head lacerations. He will be hospitalized at least two weeks in Danville before he can be moved, according to reports.

Bodies of the accident victims were taken to the Lane Funeral Parlors, at 2121 West 95th street, Chicago. Funeral services were held from here Tuesday, September 18 at 2:00 p.m., thence to Fairmont cemetery.

The couple is survived by three sons, John Edgar, Robert and James, and Mrs. Josephine Stout, of Elkhart, Ind., an aunt. John Edgar attends the military academy at Lake Geneva.

The family moved to Homer township a few years ago, from Beverly Hills, when they bought the Jerry Parker farm, on 13th street and Bell road. They had remodeled and made considerable improvements on the farm.

Mr. Vos was a member of the Palos Park Lions club. He was 52 and his wife Erica was 43.

Village of Alpine Stricken From List

The state of Illinois has officially announced that a village in Cook county has officially disappeared.

Fifty years ago at 167th and the Wabash railroad the village of Alpine was established. Its founders envisioned for it a future on the order off Gary, Ind., but it didn't turn out that way.

Today not one building remains. Even the Wabash railroad depot has been torn down. And

all of the optimistic lots and streets are grown over with prairie grass.

Alpine came into the news last week, perhaps for the last time, when the Illinois state revenue department marked the village off state sales tax list. After all, without a store, there cannot be any sales. It had been kept on the records for a long time with the hope that some day some enterprising business man might

revive the town, and some busines leader would make a sales tax return.

Alpine was established during the steel boom of the early 1900's. Gary, Hammond, Harvey and other nearby communities were more fortunate, as far as steel fabricating is concerned.

Alpine's demise from the sales tax list leaves only 105 municipalities in Cook county, as far as the Illinois retailers' occupation tax report is concerned.

"MISS SERVICE REPRESENTATIVE"
—your personal representative at Illinois Bell

"The telephone company's a pretty big outfit, with thousands of people in many places working to give you good service. But, really, there's just one person whose job is to be your personal representative at Illinois Bell. That's me — your 'Service Representative.'"

"Any time you have a question about your bill, rates, moving your telephone, ordering an extension, getting an extra listing in the directory, or practically anything else about your service, please drop in or call me at your telephone business office.

"Maybe I won't be able to answer every question you ask. But if I can't, I'll get the answer for you. That's my job — to help you in every way I can."

"Right here in my desk is a card with your name, address and a lot of information about your telephone service. It helps me answer your questions quickly. Yours is one of a number of accounts that I serve exclusively and I'm pretty familiar with it now."

Tractor Traction never possible before

See It—Check Its Features Right Here In Our Own Store! See the tractor tire with gripping power you've never known before. Check the penetration of its sharper lugs—they dig in and hold, in soil or cover crop.

Feel the firm support of those deeper lugs—and that extra buttressing to prevent "layback."

Compare that wide open center with your present tires—now you get real self-cleaning action. Test that tougher cord body—built to take the roughest treatment.

Let the Owners speak for themselves!

- "I've actually pulled other tractors out when they were bogged down."
- "Better in every way than any tire I've ever used."
- "On my cover crop, I could never pull like this before."
- "Now I'm never stuck after a heavy rain."

Our Home Town Boy Who Made Good

Everyone is fascinated by the story of a small home-town boy who makes good in the big city. And we are thrilled to be able to tell our readers just such a story—not fiction—but a real story of one of our own home town boys who has climbed to great heights in the music world.

It all came about when Edwin Hirsch, another Mokena boy, who has also climbed high, was talking to us last week and telling of the happy vacation he and his wife and children enjoyed recently out west by motor.

Of course nearly everyone in these parts know the Hirsch brothers, Edwin and Carl, who operate the West End funeral home in Chicago Heights and the Hirsch chapel in Tinley Park.

But to get to the story which Edwin told us. While in Hollywood, Cal. he told of having such a pleasant visit with Wilbur Hatch. Wilbur was raised in Mokena, his uncle being Alfred Hatch, who has lived all his life here.

Wilbur is now musical director for the Columbia Broadcasting system, and conducts the orchestra for CBS radio and TV.

Wilbur and Edwin and his family attended one of their performances, and they had one of the best box seats in the house. Edwin was quite surprised at the number of people in this TV audience—it numbered several thousands.

Then Wilbur took Edwin off his feet! Before the orchestra started playing he announced that he wanted to introduce someone whom he regarded very highly—Mr. Edwin Hirsch!

By way of further introduction, Wilbur said: "You know, Mr. Hirsch played the clarinet, with me playing the cornet, with our band in Mokena, Illinois, many years ago, when I was a young fellow. Now you fellows up there be sure and be on your toes and don't make any sour notes because Mr. Hirsch is still well up on his music."

Edwin then was called upon to stand up before the crowd and take a bow.

Edwin Hirsch wants everybody to know that Wilbur Hatch's great success has rested easily with him and has not swelled his head in the least. He is still as friendly and unassuming as in the old days when he was just Wilbur Hatch to many in Mokena.

We are all proud of the fact that all of this wonderful music that comes to us over CBS television and radio is under the direction of a Mokena boy who made good in a big way. May his success continue.

We are wondering if Wilbur and Edwin were with the band when the Mokena band gave concerts each week or occasionally, on the band stand that was built in the village park. It is gone but not some of the musicians who played there. That must have been under the direction of our dear friend Prof. S. Eakle, Right? Maybe some of you musicians can refresh our minds.

Here's Your Chance to

PROVE TO YOURSELF

Test it in tough sod—you roll right along with two 14-inch bottoms, plowing up to 8 inches deep—8 to 10 acres a day.

Watch the big tires grip the ground. Notice the clean lug marks. The Super C has balanced traction, does more useful work.

Make the gallon of gas test. Measure the work you do on a gallon of gas. You'll be amazed that you can do so much work on so little fuel.

We invite you to field-test the Farmall Super C at our expense. We'll furnish the fuel—the Farmall Super C and the McCormick implement. Prove to yourself—on your farm—why Farmalls are First in the field.

THE BIBLE SPEAKS

International Uniform Sunday School Lessons
BY DR. KENNETH J. FOREMAN

SCRIPTURE: Isaiah 65: 17-25; Acts 17:16-17, 22-23; Romans 10:12; Revelation 21:1-8.
DEVOTIONAL READING: Isaiah 2:2-4.

World Citizens

Lesson for September 23, 1951

DO YOU belong to the human race? It isn't as large as you might think.

Hendrik Willem Van Loon once figured out that you could make one box, half a mile long, half a mile wide and half a mile deep, and you could put into that box every man, woman and child in the entire world, packed in like sardines of course, and then you could nail that box up and tip it over into the Grand Canyon.

With the "human race no bigger than that, isn't it stupid of us not to get together? If you ever read Mark Twain's fascinating tale, "Captain Stormfield's Visit to Heaven," you will remember how that mariner got lost on his way to heaven and arrived at the wrong gate. Since no one at that gate had ever heard of "the earth," the captain finally identified himself as from the Solar System.

Still no one had heard of it. Finally some one discovered it, a tiny dot on an enormous map. The Captain was considerably taken down when he learned how small the earth is in the immense starry universe; and so might we all be.

Passengers on the Same Planet

IN THE EYES of God and his angels, this earth and the people on it do not fill up the big place they fill in the eyes of us mortals. This does not mean that we are unimportant to ourselves, or of no concern to God.

Saint Paul gave us the Christian reason—always the best reasons—why human beings ought to realize how close together we really are. Speaking to the university crowd at Athens, he quoted from a Greek poet to prove his point: "We belong to His race." (Acts 17:28, Moffatt's translation.)

God made all peoples "from a common origin." In him we live and move and have our being. Remember that Paul was not speaking in a Christian church. Of course Christians are brothers in an even warmer and more living sense; but Paul could say, even to men who were not Christians as he was, that he and they were alike offspring of God, that they all had their being in the same Creator and Father.

The Importance of Being Human

IF WE would only just stop pinning our little tags on people! We call them "foreigners" or "farmers" or "Canadians" or "college boys" or "Chinese." So they are; but the most important fact about Chinese, or fishermen, or farmers or any other class of mankind, is that they are human beings.

What we have in common, as human beings, is infinitely more important than the variations which set us off into different races, classes and groups. The Christian will be a loyal citizen of his own land; but he will also remember that he is a world-citizen too. And as a world-citizen, he will always remember certain truths about all his fellow human beings.

One is that since we all have a common humanity, we all stand in need of God. It is not much exaggeration, if any, to say that to be human is to be helpless.

Scholars write books with titles like "The Human Predicament," which is a short way of saying that if you are human you are in a mess. You need God, whoever you are. But if you know that, then also remember that all other members of the human race need him too, quite as much as you do.

Our Lost Brothers

REMEMBER, too, that while all are summoned to the same destiny (as Paul said: "God commands all men to repent"—not just some of them!), many and many a man (must we say, alas, most men?) misses that destiny.

There is a broad road leading to destruction, Jesus said, and many are traveling that road. How can a Christian be indifferent about a thing like that? Every man on the dark road is a man who might be a Christian.

From the dead-end road of selfishness, hatred and pride he might come over to the highway of God... if some one took the trouble to go after him. But we shall not bother ourselves much, we shall not bother ourselves enough, about our lost brothers, unless we have the world-citizen's eye and the world-Christian's heart.

"Just Been Thinkin'"

It is September. How red the setting sun! How golden the field! How laden the cellar and silo! Surely this is the blessed time of the year. Once again God has poured His beneficence into the homes and hearts of a grateful nation. The industrious farmer once more is rewarded for his devotion to the flowering field and the flourishing slope. In other fields of endeavor the ambitious are reaping, too, the answers to their individual efforts.

HARVESTS

Just as the harvests of the world Come forth from wholesome seeds, So are the precious things of time Produced by valiant deeds.

And who shall take his human heart

To thrust in honest toil Shall reap the harvest as if he Had buried it in soil.

Times have not changed; the ancient law

Pertains, as then, to now And each distills his victory From sweat upon his brow.

The mother twists in welcome pain

To give her offspring birth; The soldier dares the doors of death

To save his sacred earth. The structure builder climbs the sky

The painter starves for art— And harvests come—because someone—

Expended all his heart!

discussion of their high school problems. The Board did feel that if such a consolidation did come up for a vote at a later time, it would be better for the present district to vote on a site of the building prior to such consolidation. In this way the people at the south end of the District would be assured of the site not being located too far north, and the people of Orland would then definitely know where the building would be located and could then judge accordingly on the advisability of consolidation.

Power Fails; School Board Adjourns, Meets in Frankfort

The High School Board of the new Community High School District No. 210 had their regular monthly meeting at Frankfort last Wednesday evening. Because of a power failure at Mokena, the meeting was adjourned from Mokena and continued at Frankfort.

President Krusemark presented a letter from the College of Education of the University of Illinois in regard to a proposed survey of the district in regard to the many problems which must be met in the coming months. Such a survey would include the student attendance to be expected in the next ten years building site, type of building, transportation, and many other relating problems. The Board decided to invite Mr. Sumption, the Executive Officer of Field Service of the College of Education, to meet with the Board at its next meeting to discuss personally the survey. The Board also considered the method to be used in handling any possible bond issues that will be issued in the coming months. The Board decided that in order to give the district the advantage of the best possible interest rate and the highest return on such bonds that new bonds to be issued would be sold on a competitive auction bidding basis.

It was also called to the attention of the Board that the present petition of the Rock Island Railroad to eliminate certain of their present trains would seriously affect the transportation of the students of Mokena and New Lenox to the Joliet High school. Mr. Lawrence Kohl was appointed as representative of the Board to appear before the Illinois Commerce Commission on the following day and present a protest to the Commission of the railroad taking any of the school trains off the schedule.

The matter of the possible consolidation with Orland was discussed, and it was decided to await future developments in Orland, as the Board was advised that there were meetings in progress in Orland township among the Orland people for the
